🎓 STUDENT QUICK-START MASTERY GUIDE

Welcome to EduPath: Your Learning Adventure

A step-by-step handbook designed to help you ace your courses, book personalized 1-on-1 tutoring sessions, master live virtual classrooms, and boost your quiz scores with AI-powered insights.

Grade Range: **Grades 4 – 12** | Platform: **EduPath AI Web Platform** | Session Time: **45 mins / lesson** | Support: **24/7 AI Study Assistant**

1 Getting Started: Sign Up & Diagnostic Placement

`/register & /test-enhanced/test-005`

Setting up your profile takes less than two minutes and personalizes all lessons to your exact grade level.

📝 1. Create Your Student Profile

Enter your name, school email, and select your current **Grade Level** (e.g., Grade 8). This tunes all curriculum units and quiz recommendations.

⚡ 2. Take the 5-Minute Placement Test

Launch the quick adaptive diagnostic (`test-005`). It measures where you shine and where you can use a quick refresher.

> 💡 **Pro Tip:** Don't worry about getting every diagnostic question right! The test adapts so the platform can recommend the best starting study modules for you.

2 Navigating Your Student Dashboard

`/student-dashboard`

Your Student Dashboard is your central hub for tracking progress, viewing upcoming sessions, and studying.

🔥 Daily Study Streak

Complete at least one practice quiz or lesson per day to keep your study streak alive and earn milestone badges!

📊 Subject Mastery Meters

Track your live mastery levels across Mathematics, Science, English, Geography, and History in real time.

🤖 AI Study Assistant

Stuck on a tricky homework question? Tap the floating Study Assistant icon in the bottom corner for step-by-step guidance.

- ✓ **Curriculum Syllabus:** Expand unit accordions to read lesson summaries and download PDF cheat-sheets.
- ✓ **Retraining Drills:** If a test shows an area to improve, a targeted 5-question refresher drill will unlock on your dashboard.

3 Finding & Booking Your 1-on-1 Tutor

`/teachers`

Connect with expert teachers for focused 45-minute live tutoring sessions whenever you need extra help.

STEP	WHAT TO DO	DETAILS & OPTIONS
1. Filter	Browse by Subject	Filter by Math, Science, English, etc. Look for educator ratings (e.g. 4.9 ★) and subject badges.
2. Schedule	Pick Date & Time	Click **"Book Lesson"**. Choose your focus topic, select a date (Today, Tomorrow, or upcoming), and pick an open time slot.

STEP	WHAT TO DO	DETAILS & OPTIONS
3. Checkout	Choose Payment Option	• **Single Lesson:** $35.00 one-time session. • **Monthly Study Pass:** $119.00 (4 lessons, save 15%). • **Use Study Pass Credit:** $0.00 (deducts 1 credit from your active package).
4. Sync	Add to Calendar	Click **"Add to Calendar (.ics)"** on the confirmation screen to set a reminder on your phone or laptop!

4 Mastering the Live Virtual Classroom

`/classroom/:lessonId`

15 minutes before your scheduled class, a pulsing **"Enter Classroom"** button appears on your dashboard.

🎥 Interactive Video Stage

High-definition video call with your teacher. Use the bottom toolbar to toggle your mic, camera, or screen share. Tap **Raise Hand** if you have a question!

🎨 Digital Whiteboard & Slides

Switch tabs to sketch formulas, draw geometry shapes with colored pens, or follow the teacher's presentation slide deck in real time.

📋 Live Agenda Checklist

Track session progress as your teacher checks off lesson goals (Warm-up ➔ Core theorem ➔ Practice problems ➔ Q&A).

💾 Private Student Notes Pad

Type your personal study notes right inside the room. They auto-save locally, and you can click **"Export .txt"** anytime!

🚀 **Lesson Wrap-Up:** When class wraps up, tap **"Finish & Launch Checkpoint"**. This launches a short 5-question quiz to lock in what you just learned!

5 Taking Quizzes & Adaptive Assessments

`/tests & /test-enhanced/:id`

EduPath tests are designed to be dynamic, fair, and focused on helping you learn rather than stressing you out.

📈 Dynamic Difficulty

Questions adjust as you go! If you get a question right, the engine presents an intermediate challenge to test deeper mastery.

⏱️ Comfortable Timers

Each test clearly shows the remaining time. Pace yourself; there is plenty of time to read every question carefully.

🔍 Question Review

Before submitting your test, you can review flagged questions, see unanswered items, and change your answers.

🛡️ **Test Integrity Tip:** Stay focused on the test tab while taking an assessment! Switching tabs or minimizing your window will trigger focus warnings.

6 Understanding Results & AI Explanations

`/results/:id & /test-review/:id`

The moment you complete a test, EduPath gives you instant feedback and celebratory confetti for high scores!

💡 Step-by-Step AI Explanations

Don't just see what was right or wrong—read detailed explanations explaining *why* an answer is correct so you never repeat a mistake.

👨‍👩‍👧 Automatic Parent Sync

Your test results automatically create a positive summary in your parent's digest, highlighting your hard work and top skills!

⚡ Quick Reference Keyboard Shortcuts & Best Practices

- **Daily Goal:** Spend 15 minutes a day practicing 1 unit.
- **Need Help?** Use the floating AI Assistant on any page.
- **Questions?** Message your teacher in the live room chat.
- **Study Pass:** Monthly pass saves 15% across all instructors.
- **Notes Export:** Save your classroom whiteboard notes before leaving.
- **Badges:** Check your profile page to see achievements unlocked!
